## NOTE

### GENERAL INFORMATION

- 1 The colours P.10 stone grey, P.10 sand brown, P.10 patina green, natural oak, patina grey, walnut, grey oak and plain aluminium are based on natural colours and therefore vary slightly in shade, giving the product its distinctive character.
- 2 The guarantee does not cover surface appearance alterations caused by processing and environmental influences. Follow the instructions.
- 3 The metallic colours may exhibit colour variations.

### CAUTION:

- The RAL numbers indicated are approximations only (~), and may, in some cases, differ greatly from the PREFA original colour. They may not be a true reflection of the subjective perception of colour.
- Particularly in the case of the P.10 paint quality, it is difficult to precisely define the number due to the nature of the surface structure. In addition, the colours P.10 stone grey, P.10 sand brown, P.10 patina green, natural oak, patina grey, walnut and grey oak are based on natural colours made up of several different shades.

Therefore, we recommend obtaining original samples so that you can gain an idea of the exact colours of complementary components.
